Page 1, paragraph 4, of release PATHE GIVES THREE THOUSAND MILES OF NEWS REELS TO MUSEUM OF MODERN ART, For Sept. 28, 1940

Mr. Whitney, in accepting the gift, replied:

"Mr. Schaefer, on behalf of the Film Library of the Museum of Modern Art, I thank you and Pathe News most sincerely.

"I am particularly pleased that in this great gift the Motion Picture Industry continues its vital interest in the Film Library. Our North American culture is not yet old enough to be accustomed to the practical partnership of Art and Industry, so that this event has real significance.

"Moreover, I am sure that in turning over the Pathe Archives to the Museum, you are preserving the most important and enduring record of a changing world."
