Objective

Statutory objective of the organisation. What does the organisation seek to achieve?

The Museum of Modern Art (the "Museum" or "MoMA") is a private, non-profit institution chartered by the State of New York Department of Education in 1929 to foster public awareness of modern and contemporary art. In pursuit of this goal, the Museum has collected approximately 200,000 works of art, including works of painting, sculpture, drawing, prints, illustrated books, photography, film, media, performance art, architecture, and industrial and graphic design. As a central part of its mission, the Museum also operates a scholarly publishing program, conducts an extensive education program, and maintains a major library, archives, and conservation laboratory that are recognized as international centers of research. Its exhibitions are circulated nationally and internationally.

Outline of the policy plan

Please answer the questions below or provide an URL to the policy plan after the last question about the policy plan.

The online policy plan should at least provide answers to the questions about the policy plan asked here.

What are the institution's activities? When are which activities to be carried out? And how do the activities contribute to achieving the institution's objective?

Curatorial, Publications, and Education Programs; Each year the Museum is anchored by a robust program including a temporary exhibition schedule at The Museum of Modern Art and MoMA PS1, regular dynamic transformations of its collection galleries, a performance art series, the film program, many educational programs, publications, and online content. Acquisitions; In pursuit of its mission, the Museum has collected approximately 200,000 works of art, including works of painting, sculpture, drawing, prints, illustrated books, photography, film, media, performance art, architecture, and industrial and graphic design. Conservation; In 1958, The Museum of Modern Art founded the first conservation department devoted solely to the care of modern art. Since that time, the Museum has been a leader in the field of modern and contemporary art conservation. Publications; Since its founding in 1929, the Museum has published some 1,500 editions appearing in more than 25 languages. Education; The Museum was founded in 1929 as an educational institution and maintains a vast breadth of educational programming. How does the organisation generate income or revenue?

The Museum's primary sources of support are admission fees and membership dues, grants from individuals, foundations, and corporations, investment income, revenues from retail operations, and other revenues.
