Re: Weekend work

As you know, we are making significant progress on the completion of the new Museum. However, there will be several activities related to the construction project this weekend.

Tonight, Friday, Nov. 5 from 6:00 - 9:00 PM, the Museum will celebrate the near completion of the building with our staff.

Tomorrow morning at around 8:00 AM, the construction workers will be pouring concrete in front of the loading docks on 54th Street. In addition, interior and exterior construction work will also continue until 6:00 PM on Saturday.

We apologize for any inconvenience this may cause you.

Dear Neighbors,

This weekend will be a busy one for The Museum of Modern Art. There will be activity on 54th Street as we continue construction and prepare for three well-attended opening celebrations on the evenings of November 16, 17, and 18, when 54th Street will serve as the Museum's entrance. We appreciate your continued patience this weekend and during our opening celebrations.

At approximately 9:00 a.m. on Saturday, November 13th, a tent installation will begin in the lot immediately west of the Museum; it should be fully installed on Sunday the 14th. Interior construction work will continue throughout the weekend, and, depending on the weather, there will be sidewalk work on Saturday. On Sunday, 54th Street will be closed (emergency vehicles and special deliveries will have access to the street) so that a crane may hoist large works of sculpture into the Sculpture Garden. Crane work will begin at 10:00 a.m. and finish by 8:00 p.m.

While there will be opening events throughout the month, of particular interest to you in terms of expected large numbers are November 20th, the official opening day for the public, when we will be open (free admission) from 10:00 a.m. to 10:00 p.m., and the day after Thanksgiving, traditionally the most well-attended day of the year.

We look forward to seeing you during our opening events for neighbors on the evenings of November 21st and 27th.

As always, we apologize for any inconvenience this may cause you, and look forward to welcoming you to the new Museum of Modern Art.

Subject: Opening Celebrations

Dear Neighbors,

We are so excited, and hope you will share in our enthusiasm, that the Museum's opening celebrations will begin in earnest this week. The road has been long, but we hope you will agree with us that the results are magnificent.

Below you will find information about specific events this week. In general, though, you should expect queuing in the empty lot west of the Museum and on both 53rd and 54th Streets.

Guests will enter the Museum for most events on 53rd Street, but on the evenings of November 16th, 17th, and 18th, they will enter on 54th Street. Regardless of where they enter, some guests will be able to exit on either 53rd or 54th Street. The celebrations on the 16th and 17th will end at 11:00 p.m., while the evening of the 18th will conclude at 1:00 a.m.

The Museum's official opening day will be Saturday, November 20th. In part because the Museum will charge no admission that day, we are expecting more than 15,000 people to come during extended hours (for that day), 10:00 a.m. to 10:00 p.m. The Museum will be closed on Thanksgiving, but the Friday afterwards is traditionally its busiest day of the year.

Throughout the planning process for these opening weeks, we have been working with the NYPD to mitigate traffic and to assure safe crowd control.

We sincerely appreciate your patience during this important time for the Museum. Normal hours and operation will resume soon, and we hope you will come visit, if not on the neighbors' events on the 21st and 27th, as soon as possible.

With best wishes,

The Museum of Modern Art

Dear Neighbors,

Construction activity this weekend will be limited to caulking sections of the 54th Street sidewalk and interior work. There will be a function on the evening of Saturday, December 4 that requires the closure of the sidewalk on the south side of 54th Street and a lane closure.

We sincerely appreciate your patience during this important opening period.

With best wishes,

The Museum of Modern Art
