Dear Mr. Concagh,

In answer to your letter of October 25th concerning the recent Third War Loan Drive, we wish to state that the firm has contributed \$20,000 through the Bankers Trust Co. and \$20,000 through the Fifth Avenue Bank of New York.

As for the employees, we have an extremely reduced staff owing to the nature of our business and we know for a fact that they have bought and still buy as many War Bonds as their salary permits.

Hoping you will find this satisfactory, we beg to remain,

Dear Mr. Rosenberg

Supplementing my two talks with you of yesterday & to-day, I just want to confirm, that I am anxious to hear from you again as soon as ever you have decided on your future plans, assuming, of course, you continue to think favorably of my joining your organization. As I told you, I am not now as urgently in need of a position, as I was two years ago, when I joined the Knoke Galleries as a matter of expediency, but confidently, I have another proposition to consider, but which I admit quite frankly does not indirectly in any way near as much as the prospect of joining your firm. Quite apart from every other consideration, this is chiefly because I would not be able to confine my activities to the Modern

Incidentally, I am thoroughly convinced, that this Greater Anglo co-operative would turn out to be extremely successful from every point of view!

I say this with every confidence, as the result of my association with Scott & Fowler & Jacques Seligmann & Co, to say nothing of the very successful three years I had in London, when I conducted my own gallery, under the name of Donald Seligmann, Trevor & Co. Ltd.

I have also made money during the past two years, even in spite of the many handicaps, under which I am doing business.

As the result of the few friendly talks I have had with you, since this idea was first considered, I repeat, I am not now expecting, or asking you to tie yourself in any way, whatsoever, not give me any guarantee for any

Gentlemen:

As per your telephonic request we attach file in the matter of the British Purchase Tax assessed on your shipment by Examiner Dolan Four case Picture Frames ss Ville de Liège April 2-/41 and which he declined to remit.

You will note by the letter from the Appraiser dated March 4-42 file 869-CJD-DMQ/MHG that he agreed to suspend the appraisement pending the outcome of the test cases now before the Customs Court, the decision on which will effect your entry as well as thousands of others.

We also would like to point out that no effort was spared by us to protect your interests and we made numerous trips to the Appraisers Stores and had interviews with the Appriaser on your behalf. You apparently do not appreciate our work.

The Court matters are still sub-judice, and your lawyer cannot do anything more than we have done.

Kindly return the Appraisers letter when convenient.

Gentlemen:

Please be advised that in conformity with your request and under the authority of T. D. 49888, appraisement of the picture frames on Entry 753123, April 2, 1941, for W. S. Budworth & Son, will be suspended pending the outcome of the cited test cases on the inclusion of the British Purchase Tax in the appraisement of merchandise from Great Britain.

The entered value of the frames in this shipment includes the tax and is equal to the value believed by the examiner to be correct. Entry was made before September 17, 1941.

It is requested that all future communications be addressed to the U. S. Appraiser of Merchandise without any reference to the interested Examiner. That form of address is preferable for the reason that all incoming letters on official matters are recorded immediately upon their receipt and a check is made to insure prompt replies.

Respectfully,

John H. Flynn,

June 3rd, 1942

My dear Dudley,

Thanks so much for your letter of April 27th just received and for your kind thought in sending me the photographs of pictures. Though business is very flat over here and although I am still buyer of paintings, I am not at all interested in those of which you have sent me photographs. I am still interested in Braque and Rouault but they must be exceptionally fine and important pictures. I am as anxious as you are to do business together not only because we are good old friends who have had always the best of relations but also because by buying pictures in England against dollars I hope to help your government towards which I am very attached. Therefore, as you suggest, please send me photos of anything which you think might interest me and of which you can dispose.

We have been exchanging cables concerning the rental of 31 Bruton Street and I have informed you that I would be delighted to let you have my premises and to discuss the matter with Miss Easton.

I am very glad to hear that business in London is so good and with all best wishes and kindest regards believe me, dear Dudley,

Very sincerely yours,

Dear Paul,

I have just received my release from the army and am back in business in temporary premises, as the Gallery was demolished by enemy action in May 1941.

I hope you are keeping well and doing some business; things are quite lively here and there is a certain amount of investment buying.

In case you are as active a buyer as ever, I am sending you a few photographs of pictures which might interest you. I am not prepared to send pictures on consignment to New York, firstly because there is plenty of business here and secondly because there are too many difficulties to overcome. But you may know some of these pictures and if you feel like buying any, cable me. I would be glad to have the photos back when you have finished with them.

The prices I quote on the attached list are special ones to you, and I have not written to the other dealers in New York yet; the prices do not include the cost of freight and insurance.

Are you still interested in Braque and Rouault ?. I expect to receive shortly two Braques and 1 Rouault for sale for an Estate at low prices.

If we can do some business together, I shall be delighted, not only to renew old associations, but also because

Re: MT-ET-GT-2358-41-3rd New York-JWC

Dear Sir:

This is in response to your letter of May 18, 1942, relative to my 1941 gift tax return disclosing the gift of pictures. Although you do not specifically inquire, I assume that you also intend to refer to my 1940 gift tax return.

I am senior partner of Paul Rosenberg & Co., Art Dealers, at 16 East 57th Street, New York City. I have been in the business of buying and selling paintings, similar to those which form the basis of the gifts, for the past forty-four years. I was formerly an expert appraiser of paintings for the French Custom Authorities. I acted as appraiser for Lloyd's of London. At various times I also acted as an expert attesting to the value of pictures in connection with public auction sales in Paris, France.

The value of \$100,000.00 placed upon my gifts covering a one-half interest in twenty-three pictures represents the cost of the pictures to me when they were acquired. Some of the pictures were purchased shortly before they formed the subject of the gifts. In my opinion, the fair and reasonable value of said paintings at the time of the gifts was not in excess of \$100,000.00.

In view of the fact that I am a recognized authority on these paintings, I deemed it unnecessary to obtain an independent appraisal.

Yours very truly,

Yours very truly,

Re: MT-ET-GT-2359-40-41-3rd New York-GBC

Dear Sir:

This is in response to your letter to me captioned as above and dated May 8, 1942.

The value of my one-half interest in the twenty-three pictures which composed my gifts in 1940 and 1941, was based upon prices originally paid for the paintings. Some of these paintings were purchased shortly before they were made the subject of the gifts. In addition, my husband, who is senior partner of Paul Rosenberg & Co., Art Dealers, is recognized as an expert on modern paintings. He has confirmed that the value of the gifts, i.e., my one-half interest in the twenty-three pictures, is not in excess of \$100,000.00, which is the amount reported in my 1940 and 1941 gift tax returns. In my opinion there is no one better qualified than my husband, Paul Rosenberg, to determine the value of the gifts and no independent appraisal was, therefore, obtained.

I enclose herewith an affidavit by my husband relating to the valuation.

Yours very truly,

MARGUERITE ROSENBERG

RELATING TO TRANSACTIONS IN FOREIGN EXCHANGE, ETC.*

General License No. 42 is amended to read as follows:

- (1) A general license is hereby granted:
 - (a) Licensing as a generally licensed national any individual residing in the United States on February 23, 1942, and
 - (b) Licensing as a generally licensed national any partnership, association, corporation or other organization which is a national of a foreign country designated in the Order solely by reason of the interest therein of a person or persons licensed as generally licensed nationals pursuant to this general license.
- (2) The following provisions shall govern the filing of reports under this general license:
 - (a) Before effecting any transaction pursuant to this general license, the following persons licensed herein as generally licensed nationals shall file a report in triplicate on Form TFR-42 with the appropriate Federal Reserve Bank:

* Part 131.—Sec. 5(b), 40 Stat. 415 and 966; Sec. 2, 48 Stat. 1; 54 Stat. 179; Public No. 354, 77th Congress; Ex. Order 8389, April 10, 1940, as amended by Ex. Order 8785, June 14, 1941, Ex. (i) Every individual who was not residing in the United States on June 17, 1940; and

(ii) Every partnership, association, corporation or other organization which prior to February 23, 1942, was not a generally licensed national solely by reason of the interest of an individual or individuals referred to in (i) above.

Any person failing to comply with this reporting requirement is not authorized to engage in any transaction pursuant to this general license.

(b) Individuals and other persons licensed herein as generally licensed nationals and not falling within classes referred to in 2(a) need not file reports on Form TFR-42.

(c) This general license shall not be deemed to suspend, cancel, or otherwise modify in any way the requirements of the Order and regulations relating to reports on Form TFR-300 with respect to the property interests of certain persons licensed herein as generally licensed nationals; *provided, however*, that if reports on TFR-300 were not, prior to February 23, 1942, required to be filed in any case or class of cases, such reports are not required to be filed pursuant to this general license.

(3) This general license shall not be deemed to license as a generally licensed national:

(a) Any individual who on or since the effective date of the Order has acted or purported to act directly or indirectly for the benefit or on behalf of any blocked country, including the government thereof;

(b) Any individual who is a national of a blocked country by reason of any fact other than that such individual has been domiciled in, or a subject, citizen, or resident of a blocked country at any time on or since the effective date of the Order;

(c) Any individual who enters a blocked country after February 23, 1942; or

(d) Any national of Japan. Nationals of Japan shall continue to be governed by the provisions of General License No. 68A in so far as General License No. 68A may be applicable.

E. H. FOLEY, JR.

Acting Secretary of the Treasury.

The Treasury Department directs your attention to the fact that the new General License No. 42 in no way alters the status of accounts which have at any time been blocked pursuant to specific instructions of the Treasury Department or a Federal Reserve Bank. No such account should be unblocked until the matter has been submitted to the Federal Reserve Bank and a ruling or license received authorizing the unblocking of such account. Furthermore, it is advisable for any banking institution or brokerage house to consult the Federal Reserve Bank before unblocking any account which has been the subject of specific inquiry by the Treasury Department or by the Federal Reserve Bank as to the status of such account under the freezing Order. Business enterprises which are posted or on whose premises guards or supervisors are stationed by the Treasury Department are not to be considered as generally licensed nationals, even though such enterprises, except for the posting or presence of such guards or supervisors, appear to be included within the provisions of General License No. 42, as amended.

Because of the fact that General License No. 42, as amended, excludes by its terms individuals who acquire a residence in the United States after February 23, 1942, there will be cases in which an individual is excluded from the provisions of General License No. 42 solely because of the fact that he acquires a residence in the United States after that date. Such individuals may file applications to be licensed as generally licensed nationals under General License No. 42, as amended.

TREASURY DEPARTMENT
Washington

FOR IMMEDIATE RELEASE
Monday, February 23, 1942

PRESS SERVICE
No. 30-44

The Treasury Department today liberalized the freezing control restrictions by accord-
ing to refugees arriving in the United States after June 17, 1940 the same treatment as that
previously extended to other refugees.

At the same time the Treasury simplified the freezing control regulations with respect
to resident aliens by consolidating into one general license the freezing control provisions
applicable to all individuals (except nationals of Japan) now residing in the United States,
and to the business concerns blocked solely because of the interest of such individuals.
This was done by amending General License No. 42 and at the same time revoking General
Licenses No. 42-A and No. 68.

For some time the practice of the Treasury Department has been to liberalize the
freezing control restrictions relating to bona fide immigrants and refugees in the United
States and, at the same time, to tighten the controls in their application to individual cases
singled out for close supervision. The experience gained by the Foreign Funds Control
during the past 22 months and the mass of information gathered by it, particularly on the
TFR-300 census reports, have enabled the Treasury Department effectively to carry out
this policy.

Treasury officials stated that persons dealing with residents of the United States may
now assume that such residents are not blocked unless they are affirmatively on notice to
the contrary. The Treasury Department will rely on banking institutions to exercise con-
tinued vigilance in seeing that accounts which are not entitled to the privileges of General
License No. 42 remain blocked, in carrying out instructions of the Treasury Department
in cases which are singled out for special treatment, and in bringing unusual or otherwise
suspicious transactions to the attention of the Foreign Funds Control through the Federal
Reserve Banks.

Nationals of China, who were previously subject to the provisions of General License
No. 68, are now entitled to all the benefits of General License No. 42.

The new General License No. 42 does not free the accounts of persons who have
been acting on behalf of Axis countries. Likewise, it has no effect on the great bulk of
frozen assets, which are owned or controlled by foreign governments or by individuals or
concerns located outside the United States. Nationals of Japan are still subject to the
provisions of General License No. 68A and were not affected by today's action.

Additional copies of this circular will be furnished upon request.

ALLAN SPROUL,
President.
